#### Chase City Suffers From Erroneous Reports.

neous Reports.

Editor of The Times-Dispatch:

Sir.-The people of our town feel very much aggrieved at the persistent untruths constantly being published, in referrence to smallpox geing here. Certainly we have suffered enough from conditions which, at one time, existed here, but far more from the missistements which have gone out.

In last Saturday's paper you published a report as coming from a Mr. Couch, who had recently been in this town, in which was stated that there were nineteen cases of smallpfox among the negroes just outside of town.

Since the scourge here last winter there has not been one case, save that of the young white man who came to his home here with the disease from Lynchurg. He has since recovered and no member of his family took it from him. The town and community are absolutely free from the disease and we feel that we ought not to be persecuted further.

Further of the family took it from him. The town and community are absolutely free from the disease and we feel that we ought not to be persecuted further.
